ORGANIC RED ORANGES MARMALADE

Oranges in general and red oranges in particular are considered to be among the richest fruits of therapeutic properties. The red orange marmalade becomes a real panacea.

An orange has a high content of vitamin C, vitamin B and provides more than 7% of the daily potassium ration, which maintains balanced fluids and minerals in the body.

Blood oranges have a high content of anthocyanin and antioxidants, which protect the skin from damage caused by free radicals and related diseases, thanks to their immune-stimulating effects.

Description – production method

The orange marmalade is processed with selected Sicilian blood oranges, peeled by hand and cooked in low-temperature boule in order to maintain its organoleptic properties.
