ORGANIC TANGERINE MARMALADE

Mandarin marmalade is the ideal preserve for lovers of citrus winter flavours. The mandarin tree arrives in Europe at the beginning of the 19th century as an ornamental plant whose fruits were not considered edible.

Fortunately this trend was changed and today the Sicilian mandarins are among the most appreciated citrus fruits.

It has a delicate and decisively less sweet taste than the other fruit jams, maintaining the original citrus flavour, preserving its aromas and fragrances.

Description – Production method

The orange marmalade is processed with selected Sicilian blood oranges, peeled by hand and cooked in low-temperature boule in order to maintain its organoleptic properties.

Fruit per 100gr of product 120gr

Total sugar per 100gr of product 65gr

Ingredients

Tangerines *, cane sugar*

* organic

Additional Information

It may contain traces of nuts. Without pectin, citric acid, ascorbic acid, flavors, colorant, preservatives and gluten.

For vegans / vegetarians
